Company Overview

Founded with a vision to bridge the gap between Indian farmers and the global market, AI Brothers Global Export has grown from a local trading house to a leading international exporter.

With over a decade of experience, we understand the nuances of global trade and the importance of quality. Our journey is defined by our commitment to sourcing the best produce directly from the fertile lands of Gujarat and across India.

We believe that food is not just a commodity but a connection between cultures. That's why we take immense pride in delivering the authentic taste and aroma of Indian spices and ingredients to kitchens worldwide.

Why choose us

Three decades of deep industry knowledge enable us to source the finest raw materials and deliver market-leading quality

Advanced dehydration technology preserves the natural crunch, vibrant color, and authentic flavor of fresh produce

Our robust logistics network ensures rapid, timely, and secure shipping to over 25 countries worldwide.

Every batch undergoes rigorous lab testing and quality checks to meet international export standards like FDA and HACCP.

Guaranteed purity with no artificial colors, preservatives, or adulterants—just nature's goodness in every pack

We prioritize long-term partnerships through transparent dealings, consistent quality, and dedicated 24/7 support
